

Rules of Thirty30 Padel

Everything is identical to the traditional tennis scoring except:

(1) EVERY game played starts at "30-all" (30-30) and the score of "thirty-thirty" is announced at the start of every '*Short Game*'.

(2) During a set, players serve alternative games and only change ends initially after 2 games, then after every 4 games and at the end of each set, i.e. change ends after 2, 6 and 10 games during a set.

Order of serve is: A B / change ends / A B A B / change ends / A B A B / change ends / A B + 9-point tie-break

(3) If a set reaches 6 games all, a '9-point tie-break', i.e. first to 5 points, sudden death at 4-4, is played to decide the winner of the set by 7-6.

Order of serve in the tie-break is: A B B A / change ends / A B B A A (9 points maximum).

(4) During a match, players alternate who serves first at the start of each set.

For a best-of-3 sets match, Player A serves first in sets 1 and 3 and Player B serves first in set 2, i.e. A B A.

For a best-of-5 sets match, the order is: A B A B A.

There is no tie-break played at 6 games all in the final set; the final set is won by leading by 2 clear games as per traditional scoring.

The "No Ad" rule is NOT used, i.e. 'normal deuce' is played as per traditional scoring.

The "No Let" rule is NOT used, i.e. as per traditional tennis.

A set of Thirty30 takes in general no longer than 20 minutes to complete resulting in a best-of-3-sets match being completed in 40-60 minutes and best-of-5-sets in 60-90 minutes.
